INTER OFFICE MAILING ENVELOPES

Recent demand for these envelopes has
increased significantly. Because of
the high cost, it would be appreciated
if any quantities beyond reasonable
use could be turned in to each campus
mailroom for recycling.

We may have as much as a quarter of a
million unused address spaces available
on envelopes not circulating - please
help activate these idle envelopes.

Thanks

Letters:

On April 1st, 1978, the Canada Council ceased to provide support for activities relating to the humanities and social sciences. On that date, the Social Sciences and Humanities Research Council came into being, and assumed the programmes relating to these areas.

Mr. Andre Fortier has been appointed President of the new Council. Enquiries and applications for grants should be addressed to:

Social Sciences and Humanities Research Council
255 Albert Street, P.O. Box 1610
Ottawa, Ontario
K1P 6G4

Telephone: (613) 995-9330

Killam awards made possible by the Killam Trust will continue, for the time being, to be administered by the Canada Council. In addition, it is intended that grants for international representational travel (GRIPES) will continue, in 1978-79, to be administered by the staff of the Canadian Commission for UNESCO, within the Canada Council.

The international exchange programmes administered by the Canada Council on behalf of the Department of External Affairs will become the responsibility of the new Council, and all correspondence relating to these should, after April 1st, be directed to the address above.

EXCERPTS - B.C. FEDERATION OF LABOUR

SISTERHOOD NEWSLETTER April 1978

The attitude behind the reasoning of a large percentage of Union Members. "The reason I am in the Union is because I have to be if I want to work in this particular shop." The so-called Union Member(s) never show up for a Union Meeting, they do not have any input for his/her Shop Steward; most of them do not know who their President is, or where the meetings are held, oh, but just wait, as soon as they are in trouble at work for some reason or other, not to their liking, they sure know where their Shop Steward or Business Agent is and how to complain most clearly.

A suggestion: all members should be given the Constitution and Bylaws of their Union, and on initiation an oral test should be given to that person and should be passed before being accepted as a full-fledged member. This would give the person an idea, as to the goals of the Union, the person(s) obligations, rights, the working of his/her Local, and the Agreement of which he/she is to be part of. In this way we educate the person to become a good Union Member.
